

# Internet Scavenger Hunt:

## National Bird Feeding Month

Name: \_\_\_\_\_

February is National Bird Feeding Month! Use the Web site below to answer the questions.

Web site: [www.wildbirds.com](http://www.wildbirds.com)

URL: <http://www.wildbirds.com/AttractBirds/FeedingBirds/tabid/682/Default.aspx>

1. Birds that eat seeds tend to have \_\_\_\_\_.

Two kinds of seed-eating birds are \_\_\_\_\_ and \_\_\_\_\_.

2. Match the bird with the food it likes to eat.

_____ Cardinals	_____ Orioles	_____ Bluebirds	_____ Nuthatches
A. live mealworms	B. orange halves	C. suet	D. seeds

3. List five kinds of foods you can find at home that birds like to eat.

---

---

4. What kind of sunflower seed is a real treat for birds?

---

5. What other kinds of animals are attracted to birdseed?

---

**Something to think about:** Many birds migrate (move to a faraway location at a specific time of year) to find food. What's another reason why birds migrate?

**Learn more:** Check out photos of different birds you can attract to a backyard feeder:
